JUAN JOSE FLORES ACEVEDO Certified Associate

As a certified Adizes Associate, Juan José works in Mexico and the United States to teach Adizes and guide clients to transform their organizations through the Adizes Program for Organizational Transformation.

He has experience in problem solving for several industries, including aerospace, automotive, construction, industrial supply, foods, among others.

Juan Jose is an avid entrepreneur who co-founded an Internet company that provides specialized HR services. He also cofounded and ran a non-profit organization dedicated to promote business ethics and social responsibility within university students and companies in Nuevo Leon, Mexico. His role included the relationship with companies funding the project, developing new programs for the students and creating new initiatives the deploy social responsibility through the youngmen and women participating in the program. He remains active as a member of the board and lecturer.

Mr. Flores also worked as a business consultant for two regional consulting firms serving clients in the southern states of Mexico. He was in charge of the development of new businesses and the deployment of tools to maintain KPI's in several organizations. His work also included the implementation of the 5 S's program in several production companies.

Mr. Flores holds a Business Administration Degree and a Masters in Business Innovation from the Tecnológico de Monterrey. He lives in Monterrey, Mexico. Juan Jose lectures in English and Spanish.
